

Reconfigured marina infrastructure enables ease of use for both private and public users.

**PROPOSED PIER HEADS**

Pier head gates are to be reduced from 7 to 4. Reasons are as follows:

- 01 reduce congestion points along the promenade
- 02 improve berth holder facilities
- 03 improve legibility and wayfinding

Centrally located pier heads provides equal distance access for each pier and the most efficient gangway / pontoon layouts.

- Pierhead
- Boardwalk
- Bin enclosure + trolley storage
- Gangway + Pontoon

- - Extent of Works
